Job Description

A Gas Fitter

Position Overview

We are seeking a skilled A Gas Fitter to join our mechanical construction team. The successful candidate will have experience installing, repairing, and maintaining gas lines and equipment.

Responsibilities:

- Installing and maintaining gas lines and equipment in residential, commercial, and industrial buildings
- Testing and troubleshooting gas systems for leaks and other issues
- Reading and interpreting blueprints and schematics to determine the layout of gas systems
- Complying with all local and national building codes and regulations
- Communicating with other trades and construction personnel to ensure proper coordination of work

Requirements:

- Valid A gas fitting certification and/or license
- Minimum of 3 years of experience in gas fitting on mechanical construction projects
- Strong understanding of gas systems and equipment
- Knowledge of local and national building codes and regulations
- Ability to read and interpret blueprints and schematics
- Strong communication and teamwork skills
- Physical ability to perform the duties of the job, including climbing, bending, and lifting heavy equipment
- Must have own tools and PPE

Qualifications

- Experience working with various types of gas systems, including natural gas, propane, and LP gas
- Familiarity with gas line installation, repair, and maintenance techniques, such as soldering and brazing
- Knowledge of safety procedures and protocols for working with gas systems

- Strong problem-solving and critical thinking skills to diagnose and troubleshoot issues with gas systems
- Strong attention to detail to ensure gas systems are installed and maintained properly
- Ability to work independently and manage time effectively to complete tasks efficiently
- Knowledge of local and national regulations and building codes related to gas systems.
- Experience with other mechanical equipment and systems, including plumbing and HVAC, would be an added advantage
- A clean driving record and willingness to travel to job sites as required.

This is a full-time position with competitive pay and benefits. If you are a skilled Gas Fitter with a passion for mechanical construction, we encourage you to apply.

NOTE: The Job Description is not all-inclusive. Employee may perform other related duties as negotiated and assigned to meet the ongoing needs of the organization.
