## Job Description

### ***Electrical Apprentice – Neepawa Hospital Build***

#### **Position Overview**

Wescan Construction Services is a leading electrical and mechanical contractor, and we are seeking indentured Level 2nd, 3rd, & 4th level Electrical Apprentices looking to join our team constructing the District Health Centre in Neepawa, Manitoba.

As an Apprentice Electrician on this multi-year project, you will have the opportunity to learn from experienced professionals in the field on a large scale, complex work site. This is a great opportunity for someone who is looking to expand their career in the electrical industry and gain more skills specific to constructing a major health care facility.

If you are motivated, eager to learn, and have a passion for electrical work, we encourage you to apply!

#### **Please Note:**

- This position requires physical stamina, as it may involve standing for long periods of time, lifting heavy objects, and working in various weather conditions.
- The posted wages include pay for statutory holidays and vacation pay.

#### **Responsibilities**

- Assist with the installation, maintenance, and repair of electrical systems
- Learn to interpret electrical schematics and blueprints
- Assist in the assembly and installation of electrical components
- Use power tools and hand tools to complete assigned tasks
- Follow safety protocols and guidelines at all times
- Collaborate with experienced electricians to learn new skills and techniques

#### **Requirements**

- Must have a valid Manitoba Apprenticeship number
- Speak / Read and Write English
- 2 Years Construction experience in Canada
- Have their own Transportation
- A valid class 5 driver's license
- Live in Manitoba

- Willing to commute to Neepawa, Manitoba (2.5 hours from Winnipeg)
- Willing to Join IBEW Electrical Union

### **Key Skills & Proficiencies**

- Basic knowledge of electrical systems and components
- Familiarity with power tools and hand tools used in electrical work
- Ability to read and interpret electrical schematics and blueprints is an asset
- Strong attention to detail and ability to follow instructions
- Willingness to learn and take direction from experienced electricians
- Knowledge of low voltage systems is a plus

### **Work Schedule**

- Four 10-hour shifts, either Monday to Thursday or Tuesday to Friday
- Live out allowance / kilometers: \$168 for workers covering costs living away from home in Neepawa, else \$96 for travel to site.
- Accommodation options are available with Wescan at \$300 per week (automatically deducted from LOA), details provided on application and subject to availability.

### **Wage:**

- \$ 25.61 - \$40.97 per hour

### **Benefits:**

- Pension
- Dental care
- Extended health care
- Life insurance
- Vision care

---

NOTE: The Job Description is not all-inclusive. Employee may perform other related duties as negotiated and assigned to meet the ongoing needs of the organization.
